EDUCATION

Institute of Engineering and Technology, Lucknow

B.Tech. in Electronics and Communication Engineering

2023 – 2027

Y.G.P.A: 7.85 / 10

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C++, HTML5, CSS3

Frameworks: Next.js (App Router), React.js, Node.js, Express.js, TailwindCSS

Databases: MongoDB, Supabase

Tools: Git, GitHub, REST APIs, JWT Auth, Postman, Vercel

PROJECTS

Official Placement Cell Portal | *HTML5, TailwindCSS, JavaScript* | [Live Project](#)

- Developed the official recruitment portal for the **Training & Placement Cell (TPC), IET Lucknow**.
- Engineered the frontend using **HTML, TailwindCSS, and Vanilla JS** to optimize performance on the college's legacy server infrastructure, ensuring compatibility without heavy framework overhead.
- Designed a centralized digital interface for placement notices and company details, improving information accessibility for students.

MenuLuxe - Digital QR Menu SaaS | *Next.js, TailwindCSS, TypeScript, Supabase* | [Live Project](#)

- Architected a scalable Multi-tenant SaaS platform enabling restaurant owners to create, manage, and digitize menus, currently supporting dynamic QR code generation.
- Implemented Row Level Security (RLS) in Supabase to ensure strict data isolation between different tenants and integrated Real-time subscriptions for instant menu updates without page reloads.
- Optimized performance using Next.js App Router & Server Actions, reducing data fetch latency by 40% and ensuring a seamless mobile experience for end-users.

Branqly - URL Shortener SaaS | *Next.js, TailwindCSS, TypeScript, MongoDB, Razorpay* | [Live Project](#)

- Built a scalable URL shortener with custom domain mapping and DNS-based CNAME verification.
- Integrated Razorpay API for handling monthly recurring subscriptions.
- Created an analytics dashboard to track link clicks, IP regions, and device types with CSV export.

Sayvia - AI Messaging App | *Next.js, TailwindCSS, TypeScript, MongoDB, AI SDK* | [Live Project](#)

- Created an anonymous messaging platform with shareable user links.
- Integrated Generative AI to provide intelligent, context-aware reply suggestions for messages.

EXPERIENCE

Training & Placement Cell (TPC), IET Lucknow

Student Representative

Sep 2025 – Present

Lucknow, IN

- Coordinating on-campus recruitment drives and managing communication between HRs and students.
- Assisting in the digitization of student data and managing hospitality for visiting corporate teams.

ENCORE 25 Fest Team, IET Lucknow | [Live Link](#)

Frontend Developer

Jun 2024 – Jul 2024

Lucknow, IN

- Developed the official website for ENCORE 25, the annual cultural and technical fest of IET Lucknow.
- Designed a highly responsive UI with smooth animations using HTML, TailwindCSS, JavaScript and Framer Motion.

ACHIEVEMENTS

Actively practicing **Data Structures & Algorithms** on LeetCode & CodeChef (Focus: Arrays, Binary Search).

Built and deployed multiple full-stack projects using the MERN stack and Next.js architecture.
